Congressman Jimmy Gomez Visits DTLA

Today, **Congressman Jimmy Gomez** toured **Oceanwide Plaza** and **Hotel Indigo**. At the **Oceanwide** construction site, he learned that one-sixth of all the cranes Downtown are currently being used at the Oceanwide site. At **Hotel Indigo**, the Congressman got a feel for the modern design of the 350-room hotel, visited the recently opened top-floor bar called 18 Social and learned about the rest of the Metropolis project.

He also met with several Board Members and approximately 20 CCA members at **Greenland USA HQ** to learn about the issues facing DTLA. They talked about public safety, housing, homelessness and paid family leave.

Stay tuned for **photos** from the tours and the roundtable discussion!

LA 2028

The City Council voted unanimously last Friday to bring the Olympics and Paralympics to Los Angeles in 2028. Jessica Lall, CCA's President & CEO, spoke at the Ad Hoc Committee in

support saying that this is a "golden opportunity" for L.A. Listen to her remarks [here](#).

Gensler Internship Program

Last week, CCA and **Gensler** celebrated the culmination of a summer internship program. Every year Gensler hosts dozens of interns to provide work experience and leadership training. This year we partnered to work on Streets of the Future, which focused on reimagining Hill Street and Traction Avenue to become pedestrian oriented thoroughfares that connect Downtown neighborhoods. CCA is grateful to the incredible students and to **Rob Jernigan**, Regional Managing Principal at Gensler, for their efforts.
